

APS Working Group POCs

The purpose of this broader, APS focused working group to jointly address:

- In addition to RBS, in what areas of APS should we invest DoD R&D funds?
- What priority do we place on these opportunity areas?
- What criteria should be used to determine whether to continue or discontinue a pilot effort?
- What activities should follow a successful pilot?
- What are the common objectives and goals for all APS efforts moving forward?

USMC	Mr. Tim Laing (cc: Ms. Susan Allen)	(229) 639-7988 DSN: 567-7988	Timothy.laing@usmc.mil Susan.w.allen@usmc.mil
Army	Mr. Oliver Pryor	(703) 693-9956	Oliver.pryor@us.army.mil

RBS Working Group POCs

The purpose of this group is to assist with development of

- Criteria for choosing RBS solution(s) that will move into production
- RBS joint operational requirements
- Gaps between joint requirements and current capabilities and prioritization of these gaps to be addressed by further efforts
- Impacts of having multiple RBS solutions
- RBS Roadmap
